WORK EXPERIENCE

- SDE Intern, *Digitaltycoontech***06/2026 – 07/2026
 - Translated client requirements across 2+ education and travel projects into structured, functional website solutions, supporting the end-to-end process from requirement gathering to delivery.
 - Led end-to-end client communication across website projects, translating business requirements into functional technical solutions and ensuring alignment from requirement gathering through final delivery.
- Marketing And Sales Executive, *Navonex Tech***02/2026 – 05/2026
 - Coordinated 30+ content assets across social platforms, increasing engagement by 25% and strengthening brand awareness; used analytics and audience insights to optimize strategy, improving campaign reach by 20%.
 - Supported 5+ campaigns through content distribution and consistent brand messaging, and drove lead generation and customer visibility by 15% through Meta Ads and Instagram Marketing, directly supporting business growth targets.
- Software Developer, *Electrolyte Solutions***12/2025 – 01/2026
 - Designed and launched the official company website from scratch, resulting in a 30% increase in visitor engagement and stronger online visibility through a clear, service-focused structure.
 - Developed a responsive UI using HTML, CSS, and JavaScript, improving accessibility across 3+ device types and contributing to a 25% increase in user retention.
- Social Media Marketing Intern, *Unicap***09/2025 – 02/2026
 - Analyzed audience insights and competitor trends across 3+ platforms, improving content performance and contributing to a 20% increase in engagement.
 - Coordinated deliverables for 5+ marketing campaigns and brand collaborations, ensuring consistent messaging and timely execution.

EDUCATION

- Bachelor of Technology (B.Tech), *Vivekanand Education Society's Institute of Technology (VESIT)***2023 – 2027 | Chembur9.1 CGPA - 9.1
 - Relevant Coursework: Web Development, Machine Learning, IoT Systems, VLSI Design, Computer Communication Networks

SKILLS

- Business Analysis & Tools**
Power BI, Excel, MS Office, Google Analytics
- Technical**
 - Languages: Python, JavaScript, SQL
 - Web: HTML, CSS, React.js, Next.js, Node.js, Tailwind CSS
 - Database/Backend: MySQL, Firebase, Supabase, REST APIs
 - Tools: Git, GitHub, Vercel, Clerk

PROJECTS

- instacollab.in**
 - Built and manage a two-sided B2B marketplace connecting 100+ brands and creators, owning the full commercial pipeline from outreach to negotiation to payment collection.
 - Ran and iterated on outreach campaigns to solve marketplace supply-demand challenges, testing messaging and positioning to improve response rates; oversaw end-to-end transaction handling including quotations, deal terms, and Razorpay-based payment processing.
- Volfram Systems**
 - Worked directly with client to translate engineering requirements (steam table calculations) into a functional technical deliverable, managing scope and expectations throughout.
 - Handled client communication and follow-ups end-to-end, ensuring requirements were understood correctly before development began.
 - Bridged technical and non-technical stakeholders — explaining engineering logic in business terms the client could act on.
- Smart Backpack (IoT + App Integration)**01/2025 – 05/2025
 - Designed an IoT safety solution (GPS, proximity alerts, smart locking) solving a real customer pain point: sub-1-second real-time location updates and 100m geofencing for enhanced safety.
 - Presented technical capabilities in terms of practical customer benefit, translating hardware specs into user value.

CERTIFICATES

- Deloitte Australia - Technology Job Simulation**
Formal business communication, client-facing documentation, and structured project processes.
- Oracle Cloud Infrastructure 2025 Certified Generative AI Professional**
Generative AI fundamentals, prompt engineering, LLM deployment on OCI, embeddings, and RAG (Retrieval-Augmented Generation) setups using OCI Generative AI and Agents services.

ACHIEVEMENTS

- Personal Branding On Instagram** 📌
@ayushcreates.0
 - Achieved 1M+ views in the last 30 days, establishing strong content momentum.
 - Built an active community of 2500+ followers through consistent, value-driven posts.
